**ORIGINAL**

The Honorable Paul S. DeGregorio  
Chairman  
U.S. Election Assistance Commission  
1225 New York Avenue, N.W., Suite 1100  
Washington, D.C. 20005

Dear Chairman DeGregorio:

Pursuant to your February 17th letter, I hereby provide a report of expenditures by the Commonwealth of Virginia to implement The Help America Vote Act of 2002 (HAVA) under Title II, Section 251.

In keeping with the Virginia State Plan, the State Board of Elections (SBE) has done the following:

**Voting Equipment**

The Commonwealth of Virginia provided funding to 117 localities to replace outdated voting machines with HAVA compliant voting equipment. Portions of these expenditures included training and voting accessories.

As of September 30, 2005, a total of 6,490 units were purchased:

- 595 Diebold AccuVote TSX,
- 91 Sequoia AVC Advantage,
- 900 Sequoia AVC Edge,
- 285 Hart eSlate,
- 3,623 AVS WinVote,
- 340 ES&S iVotronic,
- 14 Sequoia Optech III-PE MS, and
- 642 Unilect Patriot.

### **Polling Place Accessibility**

During the calendar year 2005, the SBE developed strategic plans for accessibility improvements across the Commonwealth. SBE contracted with sixteen Centers for Independent Living (disability, advocacy, and service groups) to conduct site surveys of all polling places in Virginia. ADA standards were used to determine polling place accessibility. Following surveys of the polling facilities, SBE notifies the local Election Officials of the barriers discovered at their polling facilities. After the local offices remove the barriers, the SBE reimburses them with § 251 funds.

### **Voter Education and Training**

**ORIGINAL**

During the calendar year 2005, the SBE provided funding for poll worker training on new HAVA compliant voting machines. The SBE also provided funding for voter education on new HAVA compliant voting machines.

### **Computerized Statewide Voter Registration List**

On December 29, 2004, Virginia awarded a contract for a HAVA compliant statewide voter registration system entitled Virginia Election Registration Information System (VERIS). During 2005, §251 funds were used for:

- personnel costs (e.g., project management staff and administrative support),
- project overhead (e.g., rent, equipment, and phones),
- staff travel and meeting costs,
- payments to the selected vendor for completing specific deliverables including:
  - initial project management deliverables (i.e., detailed project plan) and
  - software baseline delivery, and
- hardware and network connectivity costs.

Should you have any questions regarding this report, please contact Lynda Sharp Anderson at 804/864-8904.

Sincerely,

Jean R. Jensen  
Secretary
